

# Info Session

## Third Call for projects Partnership

Carlos Garea Lodeiro, Project manager  
Porto, November 28th 2024

# Partnership

Call 3 - 2024

**Eligible Lead Partners for the third call for proposals are:**

Lead Partner organisations can be public bodies, universities, education and research organisations, private institutions (not-for-profit) and international organisations acting under national law.

**The Lead Partner must be located in the Programme eligible area**

# Partnership

Should involve 4 to 12 full partners maximum

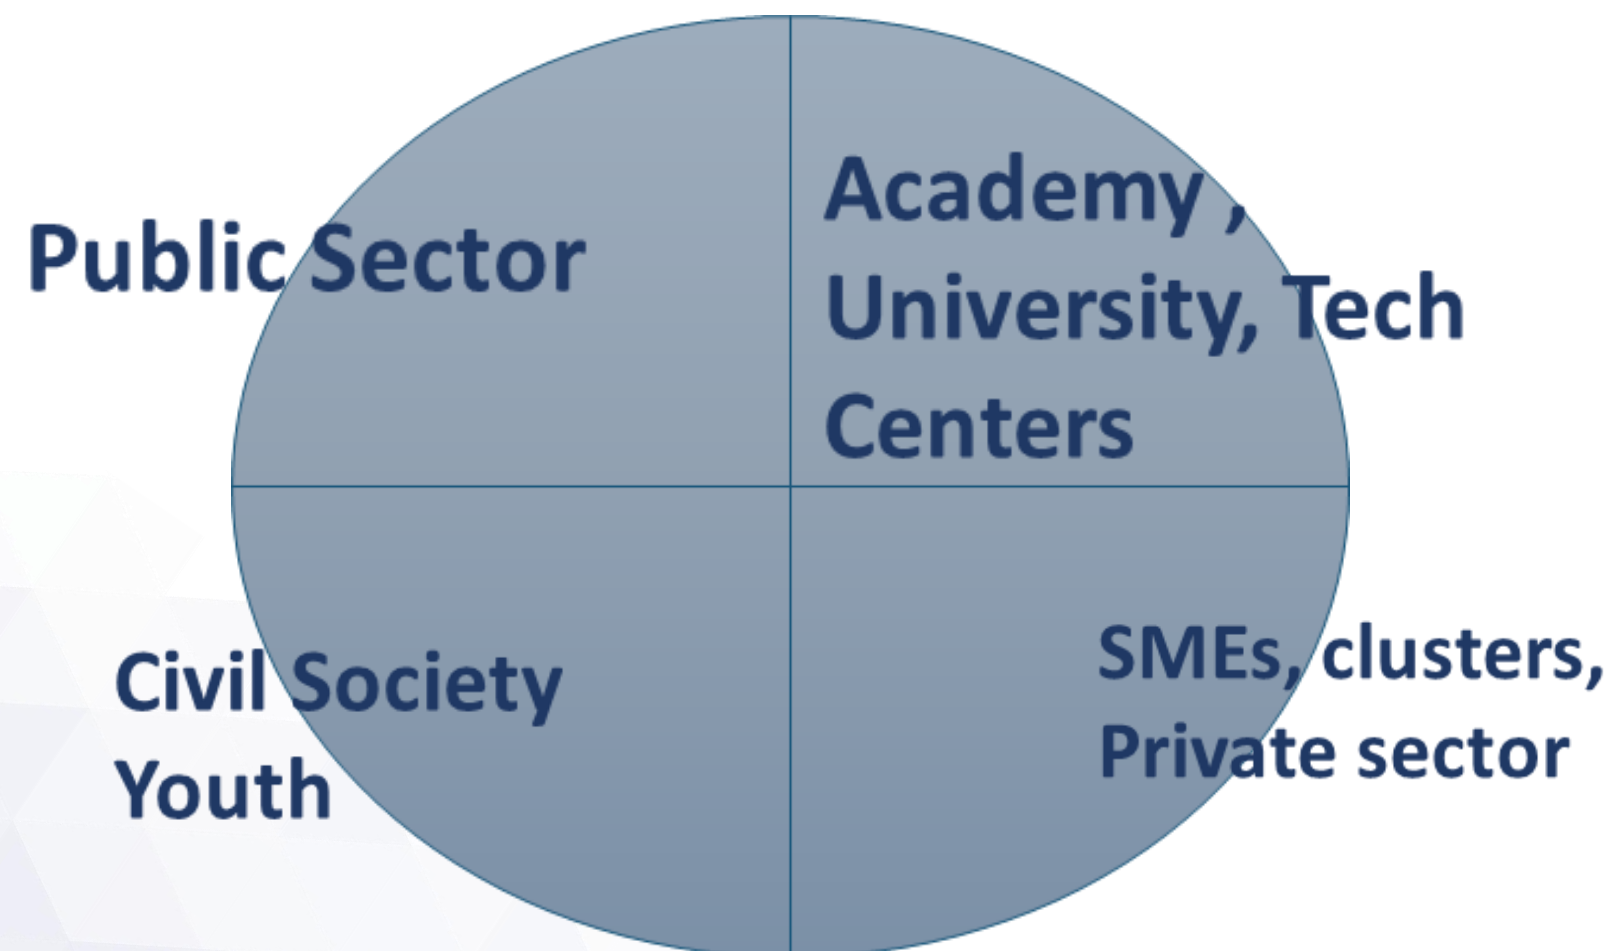

Type of partners in the consortium;

- The **Lead partner** will be, a public or private non-profit entity located within the Atlantic Area Programme area.
- **Partners** must be from the 4 Member States of the Programme.
- Companies can be partners but only SMEs.
- Entities outside the Atlantic Area, eligible under conditions.
- Entities from the United Kingdom only as associated partners.
- **Associated Partners**, signed letters are required.
- Associated Partners' travel costs are not eligible expenses for project partners.

# Partnership

quadruple helix

A special emphasis will be placed on promoting partnerships involving a high diversity of actors covering the **quadruple helix approach**, including the relevant social and civil society actors, to achieve better linkages between public, private and research actors.

# Partnership

## How to find a project partner

www.keep.eu

The screenshot shows the 'keep.eu' website interface. At the top left is the logo 'keep.eu'. Below it is a breadcrumb 'Home / Partners' and a main heading 'Search results - partners'. A sub-heading indicates '70 partners found'. On the left side, there are filter sections: 'Basic criteria:' with a button for '[IE] Ireland / Éire/Ireland', '[IE0] Ireland'; 'Experience:' with buttons for 'Lead' and 'Partner'; 'Renewable energy' with a button; and a date range filter for '2021-2027' and '2014-2020'. At the bottom left of the filters are buttons for 'Export to Excel' and 'Get result url'. On the right side, there is a text box: 'Look for partners and register to contact potential partners or to build your own profile. Results of searches are in alphabetical order of partners' names, and a partner may show more than once as it is not possible to fully consolidate all partnerships.' Below this is a table with 8 columns: 'Previous experience as', 'Organisation name', 'Organisation name (EN)', 'Projects in which it took part', 'Programmes financing the projects in which it took part', 'Programming periods', and 'Country'. The table contains 7 rows of partner data.

Previous experience as	Organisation name	Organisation name (EN)	Projects in which it took part	Programmes financing the projects in which it took part	Programming periods	Country

## Search for potential partners

Finding the right partners is key to turning your project idea into a successful venture.

In this dedicated area, you can search and connect with potential partners for your projects.

As a registered community member, you can explore profiles of other organisations seeking partnerships. Identify those whose goals align with yours and reach out to them via email.

By leveraging the power of collaboration, you can tap into a network of expertise, resources, and shared ambitions to amplify the impact of your projects.
